Micro-Writing 2

Due: Monday, 9/29

Writing assignment developed in class on Friday, 9/26:

1. Define mourning

2. Respond to one or multiple of the following:
   Is mourning a right or a responsibility?
   Is mourning a choice? If so, what is the purpose?
   How does mourning define what we mean by rights and responsibilities?

3. Use ONE instance of the first-person.

Double space your writing and limit yourself to 500-700 words. Please submit your response to our Google Drive folder before class on Monday, 9/29.

Please DO NOT upload a document. Rather, create your writing in a google doc or cut and paste into one. This makes it easier for us to keep track of things in our folders. Thank you!
